This short course will make you socially adept in dealing with women for the rest of your life, and instruct you in the subtle arts of mastering great relationships. Two books are condensed into one comprehensive volume. The first provides a brutally honest, detailed analysis of every woman you will ever date: her strengths, weaknesses, her desires, and her most closely-guarded secrets - including how to spot her in a crowd, how to seduce her, and how to be rid of her if and when you no longer desire her company. The second book explores highly advanced concepts of manipulation and seduction utilized by the world's greatest pick-up artists and marketing masters. This text is presented to you without judgment, in such a way as to challenge everything you believe, so that you may examine your own mind, and break free from the manipulation of the women you desire most. The context is laid out using Astrology as a guidepost to shorten the learning curve, and help you get results fast.
