Many jobs without a four-year degree are growing. Explore 100 careers that don't require a bachelor's degree, assess which ones match your skills, and get the job you want quickly with this authoritative resource. In one time-saving volume, job seekers and students find everything they need to research careers; learn about pay, outlook through 2018, education, and skills for the 100 jobs; match their personal skills to the jobs; and take seven steps to land a good job in less time. This book provides--in alphabetical order--thorough, current, and interesting descriptions of 100 jobs that you can obtain without four years in college. A special book-within-a-book section describes the seven steps that cut job search time in half and includes sample targeted resumes by professional resume writers. An easy-to-use assessment matches your personal skills with the characteristics of the occupations described in the book. This book is part of JIST's Top Careers series, which gives job seekers, students, and others a convenient, helpful combination of career information. All books in the series offer high-quality, current labor market information--a key consideration for anyone doing career research and planning.
