Elementary Statistics (8th Edition)

Neil A. Weiss

Elementary Statistics (8th Edition) Neil A. Weiss

Weiss's **Elementary Statistics, Eighth Edition** is the ideal textbook for introductory statistics classes that emphasize statistical reasoning and critical thinking. Comprehensive in its coverage, Weiss's meticulous style offers careful, detailed explanations to ease the learning process. With more than 2,000 exercises, most using real data, there is a wealth of opportunity for students to apply their knowledge and develop statistical literacy. The text is suitable for a one-semester course.

Elementary Statistics, Eighth Edition, contains parallel presentation of critical-value and p -value approaches to hypothesis testing. This unique design allows both the flexibility to concentrate on one approach or the opportunity for greater depth in comparing the two.

This edition of **Elementary Statistics** continues the book's tradition of being on the cutting edge of statistical pedagogy, technology, and data analysis. It includes hundreds of new and updated exercises with real data from journals, magazines, newspapers, and Web sites.

Elementary Statistics, Eighth Edition, takes a data-driven approach with more than 700 data sets documented by several hundred data sources.

Datasets and other resources (where applicable) for this book are available here.

From reader reviews:

William Deck:

What do you in relation to book? It is not important along with you? Or just adding material when you really need something to explain what you problem? How about your time? Or are you busy individual? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have spare time? What did you do? Everybody has many questions above. They should answer that question due to the fact just their can do in which. It said that about guide. Book is familiar on every person. Yes, it is proper. Because start from on jardín de infancia until university need this kind of Elementary Statistics (8th Edition) to read.

Antoinette Holdren:

In this 21st millennium, people become competitive in most way. By being competitive at this point, people have do something to make all of them survives, being in the middle of often the crowded place and notice simply by surrounding. One thing that at times many people have underestimated that for a while is reading. Sure, by reading a e-book your ability to survive boost then having chance to stand up than other is high. In your case who want to start reading the book, we give you this Elementary Statistics (8th Edition) book as basic and daily reading reserve. Why, because this book is more than just a book.

Nick Zapata:

Reading a reserve can be one of a lot of action that everyone in the world enjoys. Do you like reading book consequently. There are a lot of reasons why people fantastic. First reading a publication will give you a lot of new data. When you read a reserve you will get new information due to the fact book is one of numerous ways to share the information or even their idea. Second, reading a book will make an individual more imaginative. When you reading a book especially fictional works book the author will bring you to definitely imagine the story how the character types do it anything. Third, you could share your knowledge to others. When you read this Elementary Statistics (8th Edition), you could tells your family, friends and soon about yours publication. Your knowledge can inspire the others, make them reading a guide.

Lee Parkin:

The reason? Because this Elementary Statistics (8th Edition) is an unordinary book that the inside of the guide waiting for you to snap the idea but latter it will distress you with the secret this inside. Reading this book close to it was fantastic author who have write the book in such awesome way makes the content inside of easier to understand, entertaining means but still convey the meaning completely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This amazing book will give you a lot of benefits than the other book include such as help improving your proficiency and your critical thinking method. So , still want to hold up having that book? If I were being you I will go to the reserve store hurriedly.
