**Engineering Mechanics: Statics (14th Edition)** Russell C. Hibbeler

**NOTE:** You are purchasing a standalone product; MasteringEngineering does not come packaged with this content. If you would like to purchase both the physical text and MasteringEngineering search for 0133918920 / 9780133918922 Engineering Mechanics: Statics plus MasteringEngineering with Pearson eText -- Access Card Package, 14/e

Package consists of:

- 0133915425 / 9780133915426 Engineering Mechanics: Statics
- 0133916375 / 9780133916379 MasteringEngineering with Pearson eText -- Standalone Access Card -- for Engineering Mechanics: Statics & Dynamics

**MasteringEngineering should only be purchased when required by an instructor.**

## **A Proven Approach to Conceptual Understanding and Problem-solving Skills**

*Engineering Mechanics: Statics* excels in providing a clear and thorough presentation of the theory and application of engineering mechanics. Engineering Mechanics empowers students to succeed by drawing upon Professor Hibbeler's everyday classroom experience and his knowledge of how students learn. This text is shaped by the comments and suggestions of hundreds of reviewers in the teaching profession, as well as many of the author's students.

The **Fourteenth Edition** includes new Preliminary Problems, which are intended to help students develop conceptual understanding and build problem-solving skills. The text features a large variety of problems from a broad range of engineering disciplines, stressing practical, realistic situations encountered in professional practice, and having varying levels of difficulty.

**Also Available with MasteringEngineering** -- an online homework, tutorial, and assessment program designed to work with this text to engage students and improve results. Interactive, self-paced tutorials provide individualized coaching to help students stay on track. With a wide range of activities available, students can actively learn, understand, and retain even the most difficult concepts. The text and MasteringEngineering work together to guide students through engineering concepts with a multi-step approach to problems.

### **From reader reviews:**

#### **Aaron Thomsen:**

Book is written, printed, or highlighted for everything. You can realize everything you want by a reserve. Book has a different type. As we know that book is important issue to bring us around the world. Beside that you can your reading skill was fluently. A e-book Engineering Mechanics: Statics (14th Edition) will make you to possibly be smarter. You can feel more confidence if you can know about almost everything. But some of you think this open or reading any book make you bored. It isn't make you fun. Why they could be thought like that? Have you trying to find best book or acceptable book with you?

#### **Eugene Ruano:**

As people who live in the particular modest era should be revise about what going on or details even knowledge to make these keep up with the era which is always change and advance. Some of you maybe will certainly update themselves by examining books. It is a good choice in your case but the problems coming to you actually is you don't know what one you should start with. This Engineering Mechanics: Statics (14th Edition) is our recommendation to help you keep up with the world. Why, as this book serves what you want and want in this era.

#### **Jacqueline Carter:**

Information is provisions for those to get better life, information nowadays can get by anyone at everywhere. The information can be a know-how or any news even a huge concern. What people must be consider any time those information which is inside the former life are hard to be find than now is taking seriously which one works to believe or which one the resource are convinced. If you obtain the unstable resource then you have it as your main information you will see huge disadvantage for you. All of those possibilities will not happen throughout you if you take Engineering Mechanics: Statics (14th Edition) as your daily resource information.

#### **Keith Lugo:**

This book untitled Engineering Mechanics: Statics (14th Edition) to be one of several books which best seller in this year, that's because when you read this guide you can get a lot of benefit into it. You will easily to buy this specific book in the book shop or you can order it through online. The publisher of the book sells the e-book too. It makes you more easily to read this book, since you can read this book in your Cell phone. So there is no reason for you to past this publication from your list.
