## **Photography Visionaries** Mary Warner Marien

Photography Visionaries is an inspiring guide to 75 of the most influential photographers from c.1900 to the present. Entertainingly written by an expert on photography, it provides a fascinating insight into the lives and careers of men and women working in a medium which perhaps more than any other in the visual arts has been deeply affected by technological change.

The entries are arranged chronologically, instilling in the reader an understanding of what marks each photographer as a visionary. Each entry is less about providing a full biography of the person and more about creating a sense of excitement regarding their work and the lasting impact that it has had on photography.

With the aid of an arresting selection of photographs, some well-known and others less so, this book offers a unique and engaging perspective on the development of photography through some of its most inventive practitioners.

### From reader reviews:

#### **Margaret Gentile:**

As people who live in the actual modest era should be update about what going on or facts even knowledge to make all of them keep up with the era which is always change and make progress. Some of you maybe may update themselves by examining books. It is a good choice to suit your needs but the problems coming to you actually is you don't know what kind you should start with. This Photography Visionaries is our recommendation to make you keep up with the world. Why, because this book serves what you want and need in this era.

#### **Anna Raynor:**

Spent a free a chance to be fun activity to try and do! A lot of people spent their spare time with their family, or their particular friends. Usually they performing activity like watching television, about to beach, or picnic inside the park. They actually doing same task every week. Do you feel it? Will you something different to fill your own free time/ holiday? Can be reading a book may be option to fill your no cost time/ holiday. The first thing that you'll ask may be what kinds of reserve that you should read. If you want to test look for book, may be the book untitled Photography Visionaries can be good book to read. May be it might be best activity to you.

#### **Roger Thomas:**

Your reading 6th sense will not betray anyone, why because this Photography Visionaries book written by well-known writer whose to say well how to make book which can be understand by anyone who also read the book. Written inside good manner for you, still dripping wet every ideas and writing skill only for eliminate your own hunger then you still hesitation Photography Visionaries as good book not merely by the cover but also through the content. This is one reserve that can break don't evaluate book by its handle, so do you still needing a different sixth sense to pick this!? Oh come on your examining sixth sense already alerted you so why you have to listening to an additional sixth sense.

#### **Amy Terrell:**

Are you kind of active person, only have 10 as well as 15 minute in your morning to upgrading your mind expertise or thinking skill also analytical thinking? Then you are experiencing problem with the book compared to can satisfy your small amount of time to read it because all of this time you only find e-book that need more time to be examine. Photography Visionaries can be your answer given it can be read by an individual who have those short free time problems.
