G. M. Bedbrook

The Care and Management of Spinal Cord Injuries G. M. Bedbrook

Spinal paralysis is probably the most devastating of all the illnesses that can befall man. Only society of Paraplegia. He has made many significant contributions, both in the initial treatment and in the later rehabilitation of spinal cord victims. He is a man who truly cares about people. Today, the situation is quite different and 80% of spinal victims have a relatively normal life expectancy. The author of this book was one of the first to realize that if a paraplegic patient is from his staff. As a result, his Spinal Unit in Perth, Australia is one of the best treatment and rehabilitation centers in the world. His knowledge, from both the scientific and practical viewpoints, is truly staggering—a fact that underlies the modern approach to the treatment of spinal injuries.
