Discovering that her boyfriend is storing enough drugs to supply a small country, she looks for an escape route. He's standing in the doorway – standing in the way of her freedom. Misty has nothing left – no family, no friends, no one she can rely on. She is all alone and frightened. Managing to get past her ex, she flees, running away and landing in Seattle, she changes her appearance, her name, her life. After a year, she begins to feel safe. Her ex won't find her. She's beginning to pick up the pieces of her once shattered existence and carve out a new world for herself. That is, until a tall, well-dressed man shows up at her job and tells her they need to talk – and he knows her real name. Fleeing to get away from him, she rushes to the back room and grabs her Taser. When she hits him with it, she thinks she's home free. She's not. All Misty has done is really tick off Bryson Winchester, and all he's trying to do is help her by getting her scum of an ex off the streets. Misty has a choice to make. Is this a man she can believe in? Is any man worthy of her precious trust? She'll find the answers, though they may not be what she expects or wants – her entire world is about to be turned upside down, because not only will she find there are some men out there worth trusting – she will find out the secret of her birth – the reality of who she really is. Some things should stay in the past – and others... Other things will come back with a vengeance.
