The Cengage Learning DISCOVERY SERIES: HUMAN SEXUALITY is designed to deliver traditional course content in an innovative "hybrid" learning format--instruction presented in a printed handbook paired with integrated online applications and assessments. The program promotes measurable mastery of core course learning objectives by guiding students' active engagement with content delivered through the book, images, video, simulations, and assessments. This contemporary approach to learning seamlessly integrates text and technology, enabling students to easily move from the book's instruction to its online applications for a deeper, lasting understanding of the core psychological concepts, and for assessments that reliably track students' progress and performance.
