**Tim McGraw and the Dancehall Doctors: This Is Ours** Tim McGraw, Martin Huxley

Tim McGraw's numbers speak for themselves: He has sold nearly twenty-five million albums, had twenty-one Top Ten singles (seventeen #1s), won The Country Music Association's Album of the Year Award twice, is a two-time Academy of Country Music Awards Male Vocalist of the Year, and has had five multi-platinum recordings. He's also a stellar superstar -- this son of Tug McGraw, who's also married to pop star Faith Hill, is seldom off the celebrity pages. Tim McGraw's new record comes out in November 2002, and this stunningly illustrated book -- filled with never-before-seen photographs and extracts from his musician's journals -- explains the whole process, from the songwriting to the recording to the performances on tour. Published in time to coincide with both the new album and an NBC fall special, Tim McGraw and his Dancehall Doctors reveal just what it takes to make a record from scratch, and just what life is like for the biggest country star in America.
