## **Critical Thinking: An Appeal to Reason** Peg Tittle

In *Critical Thinking: An Appeal to Reason*, Peg Tittle empowers students with a solid grounding in the lifelong skills of considered analysis and argumentation that should underpin every student's education. Starting with the building blocks of a good argument, this comprehensive new textbook offers a full course in critical thinking. It includes chapters on the nature and structure of argument, the role of relevance, truth and generalizations, and the subtleties of verbal and visual language.

### **Special features include:**

- an emphasis on the constructive aspect of critical thinking—strengthening the arguments of others and constructing sound arguments of your own—rather than an exclusive focus on spotting faulty arguments
- actual questions from standardized reasoning tests like the LSAT, GMAT, MCAT, and GRE
- graduated end-of-chapter exercises, asking students to think critically about what they see, hear, read, write, and discuss
- numerous sample arguments from books, magazines, television, and the Internet for students to analyze
- many images for critical analysis
- analyzed arguments that help students to read critically and actively
- an extensive companion website for instructors and students

### **A companion website features:**

- for instructors: an extensive instructor's manual; a test bank; and PowerPoint slides
- for students: extended answers, explanations, and analyses for the exercises and arguments in the book; supplementary chapters on logic and ethics; downloadable MP3 study guides; interactive flash cards; and thinking critically audio exercises.
