## The Library of Greek Mythology (Oxford World's Classics) Apollodorus

The only work of its kind to survive from classical antiquity, the *Library of Apollodorus* is a unique guide to Greek mythology, from the origins of the universe to the Trojan War.

Apollodorus' *Library* has been used as a source book by classicists from the time of its compilation in the 1st-2nd century BC to the present, influencing writers from antiquity to Robert Graves. It provides a complete history of Greek myth, telling the story of each of the great families of heroic mythology, and the various adventures associated with the main heroes and heroines, from Jason and Perseus to Heracles and Helen of Troy. As a primary source for Greek myth, as a reference work, and as an indication of how the Greeks themselves viewed their mythical traditions, the *Library* is indispensable to anyone who has an interest in classical mythology.

Robin Hard's accessible and fluent translation is supplemented by comprehensive notes, a map and full genealogical tables. The introduction gives a detailed account of the *Library's* sources and situates it within the fascinating narrative traditions of Greek mythology.

**About the Series:** For over 100 years **Oxford World's Classics** has made available the broadest spectrum of literature from around the globe.
