Grey is the parallel narrative to the 50 Shades of Grey trilogy by E.L. James, from Christian Grey's point of view. You will get to see the story unfold from Christian's point of view in the original story of Fifty Shades of Grey.

Grey is an erotic novel with romance that ties into the BDSM lifestyle. Grey will give the reader a strong sense of his past through the use of his internal monologue as well as constant flashbacks and nightmares throughout the story.

Grey shows stunted emotional growth and vents his frustrations with his subconscious self through "performative punishment" acts; he shows no emotional attachment to and of the women who agree to be his "submissives" until he meets and become infatuated with Anastacia Steele. Steele consumes his thoughts and fantasies before, during, and after their one-month, whirlwind relationship, and the novel ends when he commits to winning her back.
