Gorbachev declares the Cold War over. Germany is unified.

Peace breaks out in Europe — and the President of the United States announces massive cuts to the numbers of American troops in NATO.

The Soviets, French and Germans rejoice — only Britain stands opposed.

But within the highest echelons of the American military, there is no joy — only outrage and a sense of betrayal, until a small group of veteran officers sets in motion a series of violent events calculated to bring the world to the brink of nuclear war.

In Washington, a young Air Force Intelligence officer — Lieutenant Christy Russoff stumbles across the key to the conspiracy...and finds herself in a desperate race against time as the awesome strategic forces of NATO and the Soviet Union rise toward battle.

The veteran soldiers have a plan, but who else knows about it.

Is there a mole within the conspirators? Who can be trusted in a game of intelligence, bravery and at times madness?

'The Patriots' is a fast paced thriller, with a multitude of stories all intertwined waiting for you to join up the dots!
