My Personal Financial Planner is a printed handbook for students to use in planning and organizing their personal finances. This booklet, which is bundled with the main text, contains worksheets, schedules, and planners for financial planning. Some of the worksheets in the planner allow students to do the same calculations and planning exercises as covered in the book. Others are for use in developing their own financial plans and activities. These worksheets and calculators are not intended as "busywork" for students. Rather, they represent the nuts and bolts of a student's own personal financial plan. My Personal Financial Planner has been thoroughly updated to reflect changes made in the text.
