## **PERSONAL POWER VI SUBCONSCIOUS POWER OR YOUR SECRET FORCES (Timeless Wisdom Collection Book 135)** William Walker Atkinson, Edward E. Beals

This book deals with the Secret Forces of that great region of your soul or mental nature which lies outside of the plane of ordinary consciousness. It shows you, first of all, that "You are greater than you know"; that your mental kingdom may be expanded into a far greater Mental Empire of which the realm of the ordinary consciousness is but a part.

It shows you that your mental being is like a great world of which you ordinarily perceive merely the lighted-up mountain peaks, the entire lower levels of the great continent hidden in the shade. Or, that your mind is like the earth, with its great underlying deposits of coal and oil in which slumber latent heat, light, and other forms of energy which await but the appropriate stimulus to bring to the surface those materials from which these forces may be released. It shows the part played by the forces of the Subconscious in the process of physical body; in the processes of thought, emotion, memory, and other mental activities. It shows how these forces may be harnessed and set to work for you with wonderful results.

This book also throws light upon the much discussed subject of Psycho-Analysis, and presents that subject in a plain, practical manner. It shows the relation of the Unconscious Mind to the Great Subconscious Mentality. It gives practical instruction in efficient Psycho-Analysis, and shows how the principle may be put to use in everyday life. It shows how you may employ the Titanic Power of the Subconscious in the direction of your Success and Achievement.
