The Dead Lands Dylan J. Morgan

Lane is a bounty hunter for Erebus' corrupt government, his life a constant battle against past demons. Framed for murder, Lane is offered one option to avoid the death penalty: rejoin the army and partake in a covert operation to the apocalyptic world of Hemera, Erebus' sister planet. A century after the nuclear conflict that ended mankind's third age, Hemera has now sent a distress signal to its sister: the president has awoken, and he's calling for aid. Early intelligence reports indicate the mission will be straightforward, that Hemera is a vacant shell with all forms of life and hostility extinguished. They are wrong. Bandits control the dead lands, but there are things much worse waiting for Lane and his squadron once they enter the city walls. Having lived with the nightmares of his shattered past, Lane must now face the mutated horrors of mankind's future in the toughest battle of his life.
