Learn the secrets of sexual masters! One of the best-kept secrets of our time is that men (not just women) can be multi-orgasmic. Not only can a man have several orgasms during one session of lovemaking, but also he can do it and still have lots of energy and desire. The key is learning to separate orgasm from ejaculation. Because ejaculation follows orgasm so closely (within a split second) most people think they are one and the same, but they are two distinct phenomena. With the simple techniques explained in this audiobook, you can learn to master your ejaculation response, so that you ejaculate when you want to. Find out how to experience the pleasure of orgasm without the accompanying let-down that follows ejaculation. Includes: precise, detailed instructions on how you can master your ejaculation response and learn to have multiple orgasms; instructions for mapping your sexual arousal by identifying your stage of erection and other signals that your body presents to alert you how close you are to ejaculation; specific directions on what to do as you approach the "point of no return" to delay ejaculation for as long as you and your partner want, so you can ride the wave of bliss for hours at a time. The techniques taught in this book will also solve, for the vast majority of men, the two most serious, frustrating and embarrassing sexual problems: premature ejaculation and erectile dysfunction. By toning and strengthening the genital muscles and delivering an increased blood supply; outcomes guaranteed if you persist in practice long enough to master the necessary skills. Any man can learn to do this!
