Michael S. Coffman

Plundered: How Progressive Ideology is Destroying America Michael S. Coffman

Plundered details how progressive ideology in both political parties has taken over public education, the mainstream media and America's political institutions during the past 100 years. This insidious ideology is establishing a form of government opposite to that given to us by our Founders in the Constitution. It doesn't work and has deeply divided America and created a \$15 plus trillion debt plus a \$116 trillion unfunded liability by plundering working Americans. Worse, the ideology is deeply dividing Americans because it focuses on hatred of everything American. The current "solutions" of progressive administrations and Congress are repeating policies that have utterly failed in the past, just as they are failing today. Yet, it is always someone else's fault. Others are deliberately attempting to destroy the Americas free market system to establish a Marxist/Fascist/socialist government. Plundered exposes how they have done it, what they are doing now and how they are being used as useful idiots by global elitists to create global governance. Americans must understand what is happening if they are to make fully informed decisions at the polls in November.
