Senseless Acts of Beauty: Cultures of Resistance Since the Sixties George McKay

Welcome to the social and environmental devastation that is Britain in 1996. Welcome to interchangeable political parties and their chattering media jesters pulling together to make Johnny Rotten's dream come true: no future. But despite their best efforts, fear, cynicism and the National Lottery aren't the whole story. Protest hasn't disappeared during the last twenty years, and nor have solidarity and imagination. They have simply taken new forms; they have moved out and moved on. More and more people, young people especially, are making a virtue of necessity and living outside Britain's rotting institutional fabric. Travelers, tribes, ravers or squatters, direct-action protesters of every kind, DIYers. This book is the first attempt to write their history, to explore and to celebrate their endlessly creative senselessness.

George McKay looks back at the hippies of the sixties and punks of the seventies, and shows how their legacies have been transformed into what he calls cultures of resistance. His journey through the undergrounds of the last two decades take us from the Windsor Free Festival of 1972 to the Castlemorton Free Rave Megaparty exactly twenty years later, from the anarchopunk band Crass via Teepee Valley and Glastonbury to today's ever-intensifying anti-road protests, and to the widespread opposition to the Criminal Justice Act.

Drawing on fanzines and free papers, record lyrics, interviews and diaries, *Senseless Acts of Beauty* gives a vivid, insider account of countercultures, networks and movements that until now have remained largely unrecorded. At the same time, George McKay analyzes their effects, and gives his own answers to the questions they pose: what are their politics, their aspirations, their consequences? One thing is certain, he argues: if there is resistance anywhere in Britain today, then it is here, in the beat-up buses, beleaguered squats and tree-top barricades, that we should start to look for it.

William Holmes:

Are you kind of active person, only have 10 or even 15 minute in your day to upgrading your mind ability or thinking skill also analytical thinking? Then you have problem with the book compared to can satisfy your short period of time to read it because all of this time you only find reserve that need more time to be examine. Senseless Acts of Beauty: Cultures of Resistance Since the Sixties can be your answer because it can be read by you actually who have those short spare time problems.

Calvin Copher:

As a college student exactly feel bored to help reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just small students that has reading's heart and soul or real their leisure activity. They just do what the instructor want, like asked to the library. They go to there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful pics on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Senseless Acts of Beauty: Cultures of Resistance Since the Sixties can make you sense more interested to read.
