The Golden Madonna

Malcolm Mahr

The Golden Madonna Malcolm Mahr

On July 29th, 1715, the ill-fated Spanish treasure fleet of King Philip V left Cuba and sailed into history. While navigating the Florida Straits, the armada was struck by a hurricane. All eleven galleons were destroyed. Millions in gold, silver, and jewelry were scattered on the reefs and sands off the Florida coast. More than 700 people perished in one of the worst sea disasters of all time. Over the years treasure salvagers swapped tales of sunken fortunes. One story dealt with a life-sized gold statue of a Madonna and Christ Child. Ex FBI agent Frank Fernandez is called upon to investigate the murder of two treasure hunters who were searching for the Golden Madonna.
