The Wither D R Lon

Eight year old Orion Keys finds himself fighting killer rock monsters that want to crush the life out of him. He discovers he now has the ability to transform organic matter into objects he imagines. The best and most powerful transformations only form out of materials he cares about and loves. When using his powers his appearance changes into the shape of a Wither Skeleton. He must find three other special heros and get them to help him fight an evil that will destroy our world in five days times. The clock is ticking and the stakes mount higher as part of the government also tries to eliminate the children. The children must decide whether to fight an opponent that seems unstoppable or surrender to try to save their families. Can the heros find the courage to overcome the odds against them and save the earth?
