Jennifer Hodges is an intelligent, attractive young woman who gave up her dream life to return to her home town to look after her father. Trapped in a 'forlorn little hick town' that she had thought she had successfully escaped, Jennifer feels as though she is living an empty, purposeless life, devoid of any hope or future. But when aliens land literally in her back yard, she finds herself the key player that will determine whether the aliens leave as friends, or they destroy our planet and everyone living on it.
