**The SHTF Stockpile: 13 Items Every Prepper Should Stockpile Before SHTF (The SHTF Stockpile, the shtf stockpile books, shtf survival)** Fred Cruz

Are we talking about the overall collapse of civilization as we know it, when we hear the term “SHTF?”

In reality, we cannot be meaning a zombie apocalypse, as that is simply fiction. However, what is the likelihood of a catastrophic event, that might make our world, as we know it, come to an end?

## **Modern civilization does seem to be constantly teetering on the edges of infrastructure collapse. Could it be:**

- Solar storm from the sun, knocking out all power grids and electronics
- Nuclear threat leading to WWII
- Terrorists getting hold of serious weaponry against mankind
- Asteroids hitting Earth
- A superbug
- Cyberwar

The list could go on much longer, but we will end it there, for now.

By reading this book, you will learn the 13 most important things that you can be doing NOW, in readiness for surviving. The 13 most important things that you should be thinking about:-

Food; Water; Containers; Weapons; Tools; Hunting Equipment; Hygiene; Medicines; Clothing; Camping; Lighting and Heating; Bartering; Transport.

These are all things we can do something about NOW. We need to be learning how to survive; what we will need; how will we cope? It could be that there is no one left out there, to protect us, such as the armed forces and the doctors and police. They may all be gone. So now is the time to learn and prepare.
