Throughout the 2008 Presidential campaign, both Barack Obama and his wife Michelle peppered their speeches with quotes from a virtually unknown book, published three and a half decades earlier entitled Rules For Radicals. Written by Saul Alinsky, a notorious, militant, terrorist, and con artist, the infamous Rules For Radicals was written as a step-by-step guide for radicals who wanted to move from theory and rhetoric to actual, societal manipulation and governmental overthrow. Designed to teach terrorists how to identify the vulnerable and easily duped and organize them into a militant army, Alinsky's guide provides guidance on manipulation, quashing ethical objections, and methods designed to intimidate, harass, and extort. "Rules For REPUBLICAN Radicals" exposes the Alinsky/Obama Playbook. The first section of the book focuses on Saul Alinsky, his book Rules For Radicals, and Barack Obama who spent his entire adult life studying Alinsky, teaching Alinsky methods, or working for an Alinsky network organization. In addition to detailing the shocking background and associations of each man, Rules For Republican Radicals reveals the methods employed by Barack Obama, a racist, militant, Marxist, as well as his ultra-liberal, anti-American cohorts, and his foreign, moneyed, backers (Team Obama), to usurp the power and rights of the American people using Alinsky techniques. Without understanding the steps that Obama took to manipulate voters, usurp the power of the democratic process, turn the media into his own personal Gestapo, and hide his radical associations and anti-American agenda in plain sight, we are powerless to combat the greatest threat in living memory to democracy and to the American Dream. By understanding the "Alinsky School" and identifying Obama's use of those manipulation techniques, we can stop reacting to Team Obama's distractions and subterfuge and start flexing the might of the American muscle against Obama's socialist agenda. "Rules For REPUBLICAN Radicals" also addresses what we can effectively and practically do to turn the socialist tide, thwart Team Obama, and rebuff the ultra-liberal, America haters. The Republican Party as it stands now is fractured and damaged. Too much time is spent reacting to liberal proposals and distractions and too little time is spent actually championing workable alternatives. Republicans have allowed their brand to be corrupted by association with both the far right fringe and with RINO politicians who pretend to value Republican ideas and values but continue to spend our money and let us down with their vote. We can not simply point the finger of blame at Democrats who were duped by Obama and expect to regain our strength. We must examine the problems within our own party, cut out the diseased organs and dead skin, and heal ourselves. While "Rules For REPUBLICAN Radicals" identifies the methods and tactics used to deceive and manipulate the American people, the book isn't just about dissecting Alinsky or revealing Team Obama's playbook. It is about re-establishing the Republican Party's conservative core beliefs and values, changing the way that the political game is played, and ultimately insuring that the best people (from all parties) are not marginalized by special interest groups, shut out by career politicians, or scared away from politics by the tabloid circus.
