## **Heart of Glass : Fiberglass Boats and the Men Who Built Them** Daniel Spurr

Nine out of ten sailors today own sturdy, often beautiful, fiberglass craft. Fiberglass brought boating to the non-rich, but the history of that revolution has never been told. Daniel Spurr rectifies this omission with his affectionate account of the fiberglass boat, from its earliest incarnation in World War II to the present. Spurr profiles landmark designs that set the standards in the used-boat market and introduces the vivid personalities who invented the world of boating we know today.
