The Pagan Origins of Christian Holidays Elisha J. Israel

The intent of this book is to merely present before you the compromise that has occurred between Christianity and paganism. Under the facade of Christianity the duplicitous ancient mystery religious system that began in Babylon continues. This religion is perpetuated through the most powerful religious institution in the world- the Roman Catholic Church. How is this possible? In a strategic effort to appeal to the pagans of Rome the Universal Church simply fused the pagan customs and festivals of sun worshipers with the rites of the one true faith. The Pagan Origins of Christian Holidays is an examination of the holidays that are observed by Christians today. This book reveals a piercing truth; Satan has deceived the whole world.
